EDUCATION

Bachelor of Technology - Computer Science With Artificial Intelligence 2023 – 2027
Indira Gandhi Delhi Technical University For Women 6.55

SKILLS

Technical Skills

- Programming Language- CPP
- Web Dev- HTML, CSS, Javascript, React.Js, ANGULAR.Js, Node.Js, Express, MongoDB
- Machine Learning and Deep learning
- CS Fundamentals- DBMS,OOPS,SQL
- UIUX- Figma

Soft Skills

Team Work
Leadership
Communication Skill

TECHNICAL EXPERIENCE

Local Aid | Frontend Developer present
- Developing a responsive frontend for the main website with 3D elements, interactive features, and smooth performance across all devices.

Anveshan Foundation Igdtuw | Python And Machine Learning 07/2024
- Built a machine learning project to accurately predict house prices using advanced algorithms.

PROJECTS

EduX: HTML,CSS,JAVASCRIPT 11/2024
Developed Edux, an educational platform for GATE aspirants and master's students, featuring AI-driven test series, video lectures, MCQs, previous year papers, a chatbot, mock exams, gamified badges, and a community for collaborative learning and support.

CRIX: HTML,CSS,JAVASCRIPT 🔗 08/2024
Designed and developed a dynamic website, **Crix**, tailored for the cricket community, featuring seamlessregistration, live updates, player profiles, match schedules, and an engaging user interface to enhance cricket enthusiasts'
experience

CERTIFICATES

Python And Machine Learning
8-week summer internship in Python and Machine Learning at the Centre of Excellence - Artificial Intelligence.

CodeAlpha
Virtual Internship Program, CPP concepts and Data Structure building.

Internshala Trainings| Python
Achieved 85+ accuracy in Python Programming through hand on practice.

ACHIEVEMENTS

GDSC- CP 01/2024
- Completed GDSC mentee session, gaining hands-on experience with C++ in competitive programming.
- Enhanced problem-solving skills, focusing on algorithms, data structures, and optimization techniques for efficient coding solutions in C++.

InnovateXHackathon - 2nd Position 11/2024
- In this hackathon, we gained immense knowledge, enhanced skills, fostered teamwork, and explored innovative solutions within a dynamic environment.

ROLES AND RESPONSIBILITIES

Core Art Head | SOCH 🔗
Teaching digital art, managing teams, and fostering creativity and collaboration.
